

The Leader in Sport Stacking®

Zachary Elementary School  
January 12, 2018

Dear Parents,

I am really excited about the Sport Stacking unit we are currently doing in PE. Sport Stacking is an exciting sport where students stack and unstack 12-specially designed cups (Speed Stacks). Sport Stacking uses both sides of the body and brain developing important athletic and academic skills.

As Physical Education Teachers, our goal is to promote activity at home through positive alternatives to computer, television and video game screen time. We believe that Sport Stacking is a unique, fun and simple activity that motivates kids to get up and move.
